Trackr - Manage your assignments better

Trackr is a modern, efficient assignment manager. Always stay on track and be productive with advanced features and easy customization. Each feature was thoughtfully crafted with students in mind from a fellow student soon to be customized further.

Trackr Features

Simple view of your Assignments

Sort by course, color, due date and more. Customize to your liking and always easily accessible.

View your schedule

Check out your daily schedule with info about each course such as location, upcoming assignments, time/date, and instructor.

Today Widget

Always easily accessible and customizable. View your most important information right there.

Siri Shortcuts

Get information anytime, anywhere from Spotlight or Siri. Coming soon.

Useful Links

iTunes link: Coming soon.
